PAGE  
MINUTES 4-2-79  
REFER TO: 1759

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ST. CHARLES, ILLINOIS, AS FOLLOWS:

DATE OF PUBLICATION 4-11-79  
NEWSPAPER *Sherrille*

1. That Chapter XV, Section 15.105, entitled "Service Connection Fees," Paragraphs A and B are hereby amended so that they shall hereafter read as follows:

15.105A. Residential - the connection fee shall be \$450.00 per unit. No connection shall be made by any person or firm other than a licensed plumber or contractor, bonded in the City of St. Charles, and approved by the Director of Public Works. All connections shall be made with a corporation stop, curb stop and curb box of a type approved for use in the City of St. Charles.

If the St. Charles Water Department is responsible for making the connection to the water main, then the following additional fee shall be added to the connection fee for such services:

For a 3/4" tap	\$220.00
For a 1" tap	280.00
For a 1-1/4" tap	385.00
For a 1-1/2" tap	460.00
For a 2" tap	620.00

For taps larger than 2", the charge will be the cost to the city of making such tap plus 15%

After payment of the above stipulated fees for making the connection to the water main, the St. Charles Water Department shall furnish and install a corporation stop, the service pipe to the curb stop, and the curb stop and curb box. These aforementioned items and services shall be furnished only after suitable trench excavation has been provided by the customer or his contractor. The customer shall also be responsible for the proper back-filling of the trench and any necessary patching-sidewalk, curb or paving.

B. Commercial and Industrial - the connection fee shall be \$1.75 per gallon per day of estimated usage subject to a minimum of \$450.00. Commercial and industrial shall include hotels and motels. No connection shall be made by any person or firm other than a licensed plumber or contractor, bonded in the City of St. Charles and approved by the Director of Public Works. All connections shall be made with a corporation stop, curb stop and curb box of a type approved for use in the City of St. Charles.

If the St. Charles Water Department is responsible for making the connection to the water main, then the following additional fee shall be added to the connection fee for such services:

For a 3/4" tap	\$220.00
For a 1" tap	280.00
For a 1-1/4" tap	385.00
For a 1-1/2" tap	460.00
For a 2" tap	620.00

For taps larger than 2", the charge shall be the cost to the City of making such tap plus 15%.

After payment of the above stipulated fee for making the connection to the water main, the St. Charles Water Department shall furnish and install a corporation stop, the service pipe to the curb stop, the curb stop and curb box. These aforementioned items and services shall be furnished only after suitable trench excavation has been provided by the customer or his contractor. The customer shall also be responsible for the proper back-filling of the trench and any necessary patching - sidewalk, curb or paving.

Estimated usage shall be determined by the City and user. Once the actual usage begins and it is determined that the actual usage has increased over the estimated usage, there will then be an additional fee for that amount over the original estimated usage based on \$1.75 per gallon per day. There will be no rebates if the actual use falls below the estimated usage.

2. That Chapter XV, Section 15.301, entitled "Meters Required," is hereby amended so it shall hereafter read as follows:

15.301 Meters Required. - All premises using the city water supply must be equipped with an adequate water meter furnished by the city, but paid for by the consumer, as the following rates:

5/8" x 3/4". . . . .	\$ 130.00
3/4" x 3/4". . . . .	160.00
1" . . . . .	215.00
1-1/2" . . . . .	380.00
2" Compound. . . . .	1,250.00
3" Compound. . . . .	1,400.00
4" Compound. . . . .	2,110.00

Fees for meters not listed over 1-1/2" will be based upon the cost to the City installed plus 15%.
