

12.04.160 Electric or barbed wire fences prohibited

12.04.160 – Electric or barbed wire fences prohibited

It is unlawful to maintain or construct any fence composed in whole or part of barbed wire, or with any similar materials, designed to cause injury to person, or any wire charged with electrical current, anywhere within the city except to protect industrial property in which case barbed wire must be at least six feet above the sidewalk and extend inward of the property.

(Prior code : § 12.116)
