

13.16.115 Service pipes Abandonment

13.16.115 – Service pipes – Abandonment

In the event that a service pipe no longer is required to be connected to the city water supply, the service pipe shall be properly removed from connection to the city water supply. Proper removal of a service connection includes, turning off the corporation stop and severing the service pipe at the outlet side of the corporation stop. If a service pipe is not equipped with a corporation stop, disconnection of water service shall be at the discretion of the Director of Public Works or his/her designee.

(1997-M-99 : § 1)
