

15.12.100 Public gatherings - Seats

15.12.100 – Public gatherings - Seats

- A. Any stand or rows of seats used in such premises shall be so constructed as to be safe for the use designated, and shall be sufficiently strong to carry the same weight and stress as is required for the construction of the auditorium floors of theater buildings, not less than one hundred pounds per square foot.
- B. It is unlawful to admit to any such premises a number of persons to exceed the number of actual seats maintained for their accommodation.

(Prior code : § 27.604)
