### **17.30.010 – Interpretation of generic uses**

Certain terms in this Chapter define a category of uses, to allow some flexibility and in order to eliminate overly detailed lists of uses. These terms are referred to in this Title as generic uses, and are indicated by including (G) in the definition.

Requirements for parking and loading or other provisions of this Title may apply differently to individual uses within a generic use category. A change from one use within a generic use category to another use shall be considered a change in use, even if the latter use is within the same generic use category as the initial use.
