

9.24.050 Applicability to streets

9.24.050 – Applicability to streets

Provisions regulating Noise-Generating Activities on a property shall extend into all streets, including private streets and public rights-of-way, adjacent to said property. Where properties with different Property Classifications are adjacent to the same street, the provisions shall apply to only half of the street directly adjacent to the property.

(2008-M-77 : § 1; Prior code : § 27.702)
