### 8.24.010 – Definitions

As used in this chapter, the following words shall have the meanings ascribed to them as follows:

1. "Refuse" shall mean all discarded and unwanted putrescible and non-putrescible household and kitchen wastes, including, but not limited to, food, food residues, and materials necessarily used for packaging, storing, preparing, and consuming same, usually defined as "garbage"; and all combustible and non-combustible waste materials resulting from the usual routine of domestic housekeeping, including, but not limited to, aluminum and steel cans; glass containers; plastic containers; crockery and other containers; metal; paper of all types, including newspapers, books, magazines, and catalogs; boxes and cartons; cold ashes; furniture, furnishings, and fixtures; household appliances of all kinds; tires, textiles and leather; dead animals and animal waste; toys and recreational equipment; and similar items. "Live" Christmas trees shall not be considered refuse.  
For the purposes of this chapter the terms "garbage", "refuse", "rubbish", "solid waste", "trash", and "waste" shall be synonymous unless otherwise more specifically defined (for example, "yard waste").  
(Ord. 1995-M-26 § 1.)
2. "Recyclables" or "Recyclable Material(s)" shall mean at a minimum newsprint (ONP); aluminum cans; steel cans (tin and bi-metal), empty aerosol cans, paint cans, oversize cans; glass bottles and jars (flint, amber and green); all plastic items no larger than 3' x 2' will be collected in the curbside bin (the items do not require an identification number); no plastic containers that held motor oil, driveway sealant or other petroleum products accepted; plastic films and wraps (i.e. plastic grocery bags, baggies or food wraps) cannot be collected; all chipboard (boxboard); all corrugated cardboard (OCC and kraft paper); coated paper (magazines and catalogs); mixed paper (white ledger, color ledger, computer paper, phone books and junk mail); gable-top cartons (coated milk and juice containers); multi-layered juice boxes.  
(Ord. 1995-M-26 § 1.)
3. "Yard waste" (also known as "landscape waste" or "compostable material") shall mean grass clippings;

leaves; branches and brush; other yard and garden trimmings; vines, garden plants and flowers; weeds; tree droppings (for example, pine cones and crabapples); and other similar organic waste materials accumulated as the result of the cultivation and maintenance of lawns, shrubbery, vines, trees, and gardens. "Live" Christmas trees shall also be considered yard waste. Sod and greenery from wreaths and garlands shall not be considered yard waste and shall be disposed of as refuse, unless the composting facility will accept it.

(Ord. 1995-M-26 § 1.)

4. "Household Construction and Demolition Debris" or "Debris" shall mean waste materials from "do it yourself"-scale interior and exterior household construction, remodeling and repair projects, including, but not limited to, drywall, plywood, and paneling pieces, lumber, and other building materials; windows and doors; cabinets; carpeting; disassembled bathroom and kitchen fixtures; and small amounts of sod, earth, clay, sand, concrete, rocks, and similar materials. Such debris shall conform to the following: loose small items shall be placed in suitable disposable containers not exceeding seventy-five (75) pounds in weight, or in bundles not exceeding two (2) feet in diameter, four (4) feet in length, and seventy-five (75) pounds in weight. Materials not conforming to these requirements shall not be considered as household construction and demolition debris, and shall be disposed by the owner or generator of such materials.  
(Ord. 1995-M-26 § 1.)
5. "Curbside" shall mean adjacent to the street pavement, alley pavement and gutter and within five feet thereof.  
(Ord. 1995-M-26 § 1.)
6. "Large Household Item" (also known as "bulk item"), shall mean any discarded and unwanted large household appliances and furnishings, including, but not limited to: refrigerators, freezers, stoves, trash compactors, washers, dryers, dishwashers, furnaces, hot water heaters, air conditioners, furnaces, humidifiers, dehumidifiers, microwaves, water softeners, pianos, organs, tables, chairs, mattresses, box springs, bookcases, sofas, and similar furniture. "White goods," include those containing CFCs (chlorofluorocarbons), switches containing mercury, and PCBs (polychlorinated biphenyls).  
(Ord. 2018-M-26 § 1; Ord. 1995-M-26 § 1.)
7. "Disposal Unit" shall have the following meanings, as the context requires:
  1. For the purposes of refuse collection, a "disposal unit" shall mean: one (1) water-tight non-corrodible reusable container with handles, no larger than thirty-two (32) gallons in capacity or fifty (50) pounds in weight; one (1) plastic or paper bag, box, carton, or other disposable container not to exceed thirty-two (32) gallons in capacity or fifty (50) pounds in weight and containing refuse or household construction and demolition debris as defined above, securely tied or closed in such a fashion so as to prevent the littering, leaking, or scattering of refuse or debris; or one (1) securely tied bundle of refuse or debris which is not placed in a container that does not exceed two (2) feet in diameter, four (4) feet in length, or fifty (50) pounds in weight; or one (1) single miscellaneous or odd-shaped item of refuse or debris that does not exceed fifty (50) pounds in weight. A large household item as defined above is to be considered a disposal unit.
  2. For the purposes of yard waste collection, a disposal unit shall mean one (1) biodegradable two-ply, fifty (50) pound wet-strength kraft paper bag designed for yard waste collection not to exceed thirty-three (33) gallons in capacity or fifty (50) pounds in weight and containing yard waste as defined above. A "live" Christmas tree shall also be considered one (1) disposal unit, and may exceed the dimensions and weight limitations herein, and need not be placed in a yard waste bag or have its branches bundled.  
(Ord. 2018-M-26 § 1)
8. Utility Services – Electric, water, sewer, yard waste, and refuse services that are provided by the City or its designated provider.
9. "Stop" shall have different meanings, as follows:
  1. For the purposes of collection from any single-family detached, duplex, and single-family attached (townhouse) or multi-family dwellings of six (6) units or less (which are not located within a complex where refuse generated from the residents is placed in common waste container, i.e. a dumpster or roll-off); the term "stop" shall be synonymous with the term "household". In this instance, single households will be counted for the purposes of defining the extent of the collection services to be provided and of determining the amount of refuse, recyclables and yard waste to be collected.
  2. For the purposes of collection from any multi-family dwellings serviced by a common waste container (i.e. dumpster or roll-off), the term "stop" shall be synonymous with the term "refuse area" (i.e. partially enclosed area where dumpsters are placed - most complexes have several designated "refuse areas"). In this instance, single "refuse areas" will be counted as a stop for the purpose of defining the extent of collection services to be provided and of determining the amount of refuse and recyclables collected.

(Ord. 2018-M-26 § 1)

### **8.24.020 – Approved containers**

#### **A. Types of approved containers.**

1. Containers to be used for the collection of refuse shall be:
  - a. Pre-paid disposable refuse half-bags having a volume capacity not greater than (20) gallons, exclusively supplied by the City's residential refuse hauler shall be used. Tightly covered containers made of non-corrodible materials which are water-tight, do not exceed thirty-two (32) gallons in capacity and do not exceed a total weight when filled of fifty (50) pounds must be lined with a pre-paid refuse half-bags or have a prepaid refuse sticker or bag looped through the handle of the container. Said containers shall have secure handles for lifting and carrying; or
  - b. Ninety-five (95), Sixty-five (65) or Thirty-five (35) mobile toters provided exclusively by the City's contracted residential refuse hauler, clearly marked "Refuse Only."
2. Containers to be used for the collection of yardwaste shall be:
  - a. Generic disposable yardwaste bags, constructed of natural two-ply Kraft paper, with one (1) refuse/yardwaste sticker securely affixed; or
  - b. one (1) securely tied bundle of brush or branches using biodegradable cord, string, rope, or twine that does not exceed fifty (50) pounds in weight, two (2) feet in diameter, and four (4) feet in length, and is manageable by one (1) person; neither of which contains branches exceeding three (3) inches in diameter; or
  - c. Sixty-five (65) gallon mobile toters, clearly marked for "Yardwaste Only" provided exclusively by the City's contracted refuse hauler.  
(Ord. 2018-M-26 § 2; Ord. 2013-M-42 § 1.)
3. Containers to be used for the collection of recyclable materials ("Recycle Bins") shall be made of non-corrodible materials, and shall be made available through the City's contracted residential refuse hauler, one per household, at no charge to the resident. Additional containers shall be made available through the City's contracted residential refuse hauler at contract cost.

#### **B. Disposal in containers required**

For single-family dwellings and multi-family dwelling units, it is unlawful to dispose of any recyclable material, garbage and rubbish or compostable material anywhere in the city except through placement of such material in the types of approved containers described in Sec. 8.24.020(A), and placed for collection as herein prescribed. The fee for such collection at single-family and multi-family dwelling units shall be such as is set from time to time by the city council. For commercial, industrial, school and other nonresidential establishments, it is unlawful to dispose of any garbage, refuse, compostable material, or recyclable material anywhere in the city except in an incinerator or disposal device, properly constructed and operated by a lawfully established garbage or refuse pickup service.

#### **C. Commingling prohibited**

No compostable material or garbage and rubbish (other than recyclable material) shall be placed in any recycling bin.

No garbage and rubbish or recyclable material shall be placed in any containers designated for compostable materials (as defined in Section 8.24.020(2)).

#### **D. Replacement of bins** Any damage to or loss of bins shall be reported to the St. Charles Public Works Department or to City's contracted residential refuse hauler by the primary user of the recycling bins or by the person responsible for the damage or loss within 24 hours of the damage or loss. The cost to repair or replace recycling bins damaged or lost due to negligence shall be borne by the person responsible for the damage or loss.

(Ord. 2018-M-26 § 2)

#### **E. Title to containers**

All recycling bins and toters shall remain the property of the City and the City's refuse contractor, respectively, and shall not be removed from the property on which the dwelling unit is located without the written consent of the Director of Public Works or his designee.

(2018-M-26 : § 2; 2002-M-59 : § 2; 1999-M-44 : § 1; 1995-M-25 : § 1; 1994-M-34 : § 2; 1993-M-13 : § 1 & 2)

### **8.24.025 – Collection required**

Every person owning or in possession of any dwelling or occupied structure in the city shall collect and dispose of garbage and refuse and recyclable material regularly and systematically at least once every fourteen days in the manner provided in this chapter.

(1990-M-10 : § 1)

### **8.24.026 – Non-residential collection**

- A. General requirements. All owners and occupiers of non-residential structures in the City shall collect and dispose accumulations of garbage and refuse, recyclable material and compostable material regularly and systematically, at least once every fourteen days, by a refuse collector licensed by the City pursuant to Chapter 5.32.011 of the St. Charles Municipal Code. Containers to be used for the collection of garbage and refuse from non-residential premises shall be tightly covered metal or other non-corrodible, watertight containers. All hotels, motels, restaurants, industrial categories, hospitals, food take-out and catering kitchens, food stands, schools, churches, convents, grocery and meat markets, and all other establishments having disposable garbage, refuse and recyclables shall store such garbage, refuse and recyclables in containers with covers of suitable size until the designated pickup days. Mobile garbage and refuse containers required to be left at curbside shall be placed at curbside no earlier than 5:00 p.m. on the day preceding the day on which collection is scheduled, and shall be removed from curbside no later than 5:00 p.m. on the day of collection.
- B. Grease. Property owners and tenants in the service area shown in Exhibit C and generally described as Lot 3 and Lot 13 in Phase 2 of First Street Redevelopment Subdivision, and including Lots 1, 2, and 5, in Block 39 of the Original Town of St. Charles, and including Lots 3 and 4 in said Block 39 lying north of the northerly line of said Lot 13, and including Lot 6 in said Block 39 lying west of the westerly line of said Lot 13, except those portions of said Lots 1 and 4 dedicated for right of way purposes, in the City of St. Charles, Kane County Illinois, shall deposit all grease in approved containers designated by the City. Property owners and tenants shall pay to the City the scavenger's pickup fee in accordance with terms and conditions of the City contract with the licensed scavenger. Deposit of grease materials on the ground or in unapproved containers is expressly prohibited.
- C. Refuse. Property owners and tenants in the service area shown in Exhibit D and generally described as Lots 1, 2, 3, 4, and 5, in Block 39 of the Original Town of St. Charles; except the southerly 12 feet of the easterly 21 feet of said Lot 2; and except the southerly 22 feet of said Lot 4; and except that portion of said Lot 3 described as follows: Commencing at the southwest corner of said Lot 3, thence easterly along the south line of said Lot 3, 22 feet for a Point of Beginning; thence northerly parallel with the west line of said Lot 3, 28 feet; thence easterly parallel with the said south line, 22 feet; thence southerly parallel with the said west line, 8 feet; thence easterly parallel with the said south line, 22 feet to the east line of said Lot 3, thence southerly along the said east line, 22 feet to the southeast corner of said Lot 3; thence westerly along the said south line to the Point of Beginning; and except those portions of said Lots 1 and 4 dedicated for right of way purposes, in the City of St. Charles, Kane County Illinois, shall deposit all garbage, refuse, and recyclables in approved containers designated by the City. Property owners and tenants shall pay to the City the scavenger's pickup fee in accordance with terms and conditions of the City contract with the licensed scavenger. Deposit of garbage, refuse or recyclable materials on the ground or in unapproved containers is expressly prohibited. In addition, the following sections shall apply to all non-residential premises: Section 8.24.010 ("Definitions"); Section 8.24.050 ("Uncovered garbage"); Section 8.24.055 ("Depositing garbage and refuse on another's property"); Section 8.24.060 ("Windblown dust, ashes, or trash"); Section 8.24.070 ("Deposit on streets"); Section 8.24.080 ("Consent of owner"); Section 8.24.090 ("Title of wastes"); Section 8.24.099 ("Enforcement"); Section 8.24.100 ("Penalty for violation of Chapter 8.24").

**8.24.030 – Collection services**

A. Location for pickup

1. Dwellings of 6 or less units:

a. All single-family dwellings and multi-family dwellings comprised of six (6) or less units (not in a complex of more than six units) shall be picked up at the curbside, unless otherwise requested by building owner and authorized by the Director of Public Works or designee. If available, Yard Waste shall be placed on the parkway, adjacent to and on the address side of the property from where the yard waste is gathered. If a parkway is not available adjacent to a property or on the address side of a property, the Director of Public Works or designee shall identify an area for collection.

(Ord. 2014-M-15 § 1; Ord. 2009-M-44 § 1.)

b. Garbage And Refuse Containers: All garbage and refuse to be collected shall be placed, by each owner or tenant of a household, in a covered container immediately behind the curb ( i.e., on the parkway) at the street or at the alley lot line, as the requirement may be, no earlier than the day preceding the day on which collection is scheduled and no later than six thirty (6: 30) A.M. on the day of collection. The containers shall be so placed in a manner that is readily accessible for the collection on the day or days which are scheduled for the area in which said dwelling or household is located. Empty containers shall be removed as soon as possible, but in no event later than eight o' clock (8: 00) P.M. on the day of collection.

2. Dwellings of more than six (6) units:

All multi-family dwellings comprised of more than six (6) units shall be provided a common garbage refuse container, and a recyclable materials container (dumpster, toter or recycling bin as designated by the Director of Public Works or his designee).

(Ord. 2009-M-44 § 2.)

B. Routes and schedules

The routes and schedules for collection of refuse and recyclable materials shall be depicted in Exhibit B, dated July 1, 2013.

(1989-M-86 : § 1)

**8.24.070 – Deposits on streets**

It is unlawful to deposit or permit to fall from any vehicle any garbage, refuse compostable material or ashes on any public street or alley in the city; provided that this section shall not be construed to prohibit placing garbage and rubbish, recyclable material and compostable material as herein defined in a container complying with the provisions of this chapter preparatory to having such garbage, rubbish, recyclable material and compostable material collected and disposed of in the manner provided in Section 8.24.030.

(1989-M-86 : § 1)

**8.24.080 – Consent of owner**

It is unlawful to dump or place any garbage, refuse, compostable material or ashes on any premises in the city without the consent of the owner of such premises.

(1989-M-86 : § 1)

**8.24.090 – Title to wastes**

All garbage, rubbish, compostable and recyclable materials collected in accordance with the terms hereof shall become and be the property of the contractor as soon as the same is picked up or otherwise placed in the contractor's vehicle.

(1989-M-86 : § 1)

**8.24.095 – Unlawful removal of recyclable material**

It shall be unlawful for any person, firm or corporation, except a refuse collector contracting with the city, to remove any item of recyclable material including newspaper, aluminum or bimetal cans, glass bottles or plastic milk containers placed in or adjacent to city recycling containers.

(1989-M-86 : § 1)

**8.24.096 – Unlawful damage to city recycling containers**

Except as authorized by the City Council, it shall be unlawful for any person, firm or corporation to remove from a residential premises at which it is located, or to damage any city recycling container.

(1989-M-86 : § 1)

**8.24.097 – Disposal of compostable materials**

Compostable materials shall not be commingled with garbage and refuse or with recyclable materials, but shall be disposed of in compliance with state law.

(1989-M-86 : § 1)

**8.24.098 – Removal of pre-paid bags or stickers**

Any person other than the city's contracted refuse hauler who takes furniture, appliances or other items left for collection from curbside shall remove any pre-paid bags or stickers from said items, and leave the bags or stickers at the dwelling unit from which the items were left for collection.

(1989-M-86 : § 1)

**8.24.099 – Enforcement**

Any garbage and rubbish, compostable material or recyclable material left on private or public property in violation of any of the provisions of this chapter is deemed a potential public health and safety hazard. City may remove, or cause to be removed, any such garbage and rubbish, compostable material or recyclable material, and recover the reasonable costs of removal from the owner of the real estate or other responsible party in accordance with 65 ILCS 5/11-20-13.

(1996-M-53 : § 18; 1990-M-10 : § 1; 1989-M-86 : § 1)

**8.24.100 – Penalty for violation of Chapter 8.24**

The person, firm or corporation violating any provision of this chapter shall be fined not less than One Hundred Dollars (\$100.00) nor more than Five Hundred Dollars (\$500.00) for each offense, and a separate offense shall be deemed committed on each day during or on which the violation occurs or continues.

(1989-M-86 : § 1)

**8.24.110 – Effective date**

This ordinance shall become effective no sooner than October 1, 1989.

(1989-M-86 : § 1)

### **8.24.115 – Disconnect Notice Fee**

If it is determined that a notice of disconnection of service shall be issued to a customer due to utility charges being over 30 days past due, a payment being returned unpaid by a bank, a deposit not being paid by the due date, and/or a violation of the terms of this Code, an additional fee (a disconnect notice fee) will be charged. This fee will escalate based on the number of disconnect notices previously issued to the customer in the last twelve months. The disconnect notice fee schedule is \$20.00 for the first notice, \$35.00 for the second notice, and \$50.00 for any subsequent notices.

(2011-M-29 : § 1)

### **8.24.120 – Right of cut-off for nonpayment – Reconnection**

- A. The City shall have the right to discontinue any utility service provided to the customer on due notice and to remove its property from the customer's premises whenever monthly City bills, or a portion thereof, remain unpaid for 30 days after the due date specified, or in case the customer fails to comply with, or perform, any of the conditions or obligations of this chapter.
- B. A customer's service so discontinued shall be connected after the customer has made settlement for City utility bills in arrears, plus any current amount outstanding at the City Clerk's office, or has, to the City's satisfaction, complied with or performed such other conditions or obligations which were in default, as the case may be. A minimum fee shall be charged equal to two times one and one-half the midpoint of the wage rate for a meter technician at the time of reconnection. In the event the City incurs expense for labor in excess of the average cost of reconnection, the City may charge that additional cost for disconnection and reconnection to the customer.

(2010-M-3 : § 1)

## 8.28 – Plants and Weeds

### Sections

- 8.28.010 – Nuisance declared
- 8.28.020 – Height limit
- 8.28.030 – Barberry bushes prohibited
- 8.28.040 – Abatement notice - Service
- 8.28.050 – Abatement by City - Cost assessment
- 8.28.060 – Lien - Claim filed by City Clerk - Notice to Owner
- 8.28.070 – Lien - Foreclosure
- 8.28.080 – Violation - Penalty

### **8.28.010 – Nuisance declared**

Any weed such as jimson, burdock, ragweed, thistle, cockleburr, or other weeds of a like kind found growing in any lot or tract of land in the city, are declared to be a nuisance, and it is unlawful to permit any such weeds to grow or remain in any such place.

(Prior code : § 27.401)

### **8.28.020 – Height limit**

It is unlawful for anyone to permit any weeds, grass or plants, other than trees, bushes, flowers, or other ornamental plants to grow to a height exceeding eight inches anywhere in the city; any such plants or weeds exceeding such height are declared to be a nuisance.

(Prior code : § 27.402)

### **8.28.030 – Barberry bushes prohibited**

It is a nuisance and unlawful to plant or permit the growth or the bush of the species of tall, common or european barberry, further known as *Barberis vulgaris* or its horticultural varieties within the city.

(Prior code : § 27.403)

### **8.28.040 – Abatement notice - Service**

It shall be the duty of the director of public works to serve or cause to be served a notice upon the owner or occupant of any premises on which weeds are permitted to grow in violation of the provisions of this chapter and to demand the abatement of the nuisance within three days.

(1981-M-11 : § 1 (part))

### **8.28.050 – Abatement by City - Cost assessment**

If the person so served does not abate the nuisance within three days, the director of public works may proceed to abate such nuisance, keeping an account of the expense of the abatement at the rate of seventy-five dollars per hour with a minimum charge of seventy-five dollars, and the expense shall be charged and paid by such owner or occupant. Before January 1, 1992, the rate shall be fifty dollars per hour with a minimum charge of fifty dollars.

(1991-M-64 : § 1; 1981-M-11 : § 1 (part))

**8.28.060 – Lien - Claim filed by City Clerk - Notice to Owner**

Charges for such weed removal shall be a lien upon the premises. Whenever a bill for such charges remains unpaid for sixty days after it has been rendered, the clerk may file with the recorder of deeds of Kane County a statement of liens claims. This statement shall contain a legal description of the premises, the expenses and cost incurred and the date the weeds were cut, and a notice that the city claims a lien for this amount. Notice of such lien claims shall be mailed to the owner of the premises if his address is known; provided, however, that failure of the clerk to record such lien claim or to mail such notice, or the failure of the owner to receive such notice, shall not affect the right to foreclose the lien for such charges as provided in the following section.

(Prior code : § 27.406)

**8.28.070 – Lien - Foreclosure**

- A. Property subject to a lien for unpaid weed cutting charges shall be sold for nonpayment of the same and the proceeds of such sale shall be applied to pay the charges after deducting costs, as is the case in the foreclosure of statutory liens. Such foreclosure shall be in equity in the name of the city.
- B. The city attorney is authorized and directed to institute such proceedings, in the name of the city, in any court having jurisdiction over such matter, against any property for which such bill has remained unpaid sixty days after it has been rendered.

(Prior code : § 27.407)

**8.28.080 – Violation - Penalty**

Any person, firm or corporation violating any of the provisions of this chapter shall be fined not less than five dollars nor more than five hundred dollars for each offense, and a separate offense shall be deemed committed on each day during or on which such nuisance continues unabated after ten days from receipt of notice.

(Prior code : § 27.408)

## 8.30 – Tree Preservation on Private Property

### Sections

- 8.30.010 – Purpose
- 8.30.020 – Definitions
- 8.30.030 – Tree preservation requirements for land development
- 8.30.040 – Tree preservation requirements for building lots
- 8.30.050 – Tree conservation areas
- 8.30.060 – Emergency removal
- 8.30.070 – Requirements for tree preservation plans
- 8.30.080 – Practices during construction
- 8.30.090 – Penalties

### 8.30.010 – Purpose

The purpose of this Chapter is to maintain existing trees within the City to the greatest extent possible, while allowing for reasonable development of private property. Trees are assets to the community in many ways, including contributing to its character and scenic beauty, clean air, reducing noise, preventing erosion of topsoil, reducing the rate of stormwater runoff, providing nesting areas for birds and habitat for other wildlife, conserving energy, and providing shade and windbreaks. The health and general welfare of the community, as well as its tax base, are enhanced when trees are preserved.

(2014-M-27 : § 1; 2001-M-73 : § 1)

### **8.30.020 – Definitions**

**Approved Trees:** Approved trees are those species described in Chapter 12.20 of this Code as being suitable street trees in the City of St. Charles, and shall not include restricted species listed in Chapter 12.20.

**Building Lot:** A lot for which application has been made for a building permit to construct a new building or structure, or to demolish or move an existing building or structure.

**Construction Zone:** The area of a site where construction of buildings and other site improvements may occur.

**DBH (diameter at breast height):** The diameter of a tree measured at a height of four and a half feet above the ground.

**Land Development:** The process of developing a parcel of land, starting with the submittal of a preliminary plan of subdivision or Planned Unit Development and concluding with the completion and acceptance of site improvements. Land development may involve unimproved vacant land, or land improved with buildings and/or site improvements that is proposed to be redeveloped, but does not include review and issuance of a building permit.

**Lot:** A parcel of land which is designated by its owner at the time of application for a building permit as a tract all of which is to be developed and used as one parcel under single ownership. A lot may consist of (a) a single lot of record or (b) a combination of contiguous lots of record.

**Remove or removal:** The actual physical removal of a tree, or the effective removal through damaging, cutting, poisoning, or other direct or indirect action resulting in, or likely to result in, the death of a tree.

**Tree Preservation Plan:** A plan identifying existing trees, designating areas where trees will be preserved and removed, and detailing the location and type of tree protection measures to be undertaken during and/or after construction. An easement for tree and/or natural area preservation established in a subdivision or Planned Unit Development approved prior to November 19, 2001, including but not limited to the Tree Conservation Areas listed in Section 8.30.050 § 1 hereof, shall constitute an approved Tree Preservation Plan where the Tree Preservation Zone is the area within the easement, and the Construction Zone is all areas outside the easement.

**Tree Preservation Zone:** The area of a site that is not necessary for construction of buildings and other site improvements and within which trees shall be preserved.

(2001-M-73 : § 1; 2014-M-27 : § 1)

### **8.30.030 – Tree preservation requirements for land development**

- A. No live tree(s) with a trunk size of six inches (6") or more DBH shall be removed from any parcel undergoing Land Development except as permitted by an approved Tree Preservation Plan.
- B. In addition to the other requirements of this Chapter, where a Site Development Permit is required by Title 18 of the St. Charles Municipal Code no trees shall be removed from a site undergoing Land Development unless a Site Development Permit has been issued and remains valid.
- C. Where trees six inches (6") or more DBH exist on the property to be developed or redeveloped, a Tree Preservation Plan shall be submitted with the preliminary plan of subdivision or planned unit development. If the preliminary plan stage is omitted or is combined with final engineering plans, the Tree Preservation Plan shall be submitted with the final engineering plans, and shall be subject to approval of the City Council at the time of approval of the Final Plat.
- D. The removal of trees six inches (6") or more DBH proposed as part of a Tree Preservation Plan shall be permitted only to the extent necessary to accommodate the construction of public and private site improvements, buildings and structures in conformance with the standards of 8.30.070 § 2 hereof. Submittal of a separate Tree Preservation Plan for each Building Lot shall not be required for Building Lots within a subdivision or Planned Unit Development if all areas where trees are to be removed are identified in the approved Tree Preservation Plan.
- E. Where an easement for tree and/or natural area preservation has been established in a subdivision or Planned Unit Development approved prior to November 19, 2001, including but not limited to the Tree Conservation Areas listed in Section 8.30.050 § 1 hereof, no additional Tree Preservation Plan approval shall be required to remove existing trees located outside of the established easement areas.

(2014-M-17 : § 1; 2001-M-73 : § 1)

**8.30.040 – Tree preservation requirements for building lots**

- A. No live tree(s) of six inches (6”) or more DBH shall be removed from any Building Lot except as permitted by an approved Tree Preservation Plan.
- B. A proposed Tree Preservation Plan shall be submitted with the application for a building permit where trees six inches (6”) or more DBH exist on the Building Lot if (a) no Tree Preservation Plan has been approved for the property or (b) the applicant proposes to alter the approved Tree Preservation Plan.
- C. Where a Site Development Permit is required (refer to Section 18.36.040 of this Code), a Tree Preservation Plan for a Building Lot shall be approved only if a Site Development Permit has been issued and remains valid.
- D. The City Administrator or his designee shall approve a Tree Preservation Plan (or amendment thereto) for a Building Lot if the application complies with the provisions of this Chapter and in particular the standards of Section 8.30.070 § 1.
- E. Appeals: A property owner may appeal the denial of a Tree Preservation Plan to the City Council by submitting a written request. If the City Council finds that the standards of Section 8.30.070 § 2 have been met, it may approve the Tree Preservation Plan and may include conditions it deems necessary to ensure compliance with this Chapter.

(2014-M-27 : § 1; 2001-M-73 : § 1)

### 8.30.050 – Tree conservation areas

- A. The Tree Conservation Areas listed in this section are hereby found to be unique community assets that, if protected, will enhance the value of the property encumbered by said covenants and easements as well as other property within the community. These Tree Conservation Areas shall be maintained in conformance with the provisions of their respective covenants and easements, and in conformance with the Tree Conservation Area Guidelines set forth in Exhibit “A” hereto (the “TCA Guidelines”).

Tree Conservation Areas:

Red Gate Units 4, 5 and 7: Tree Preservation Area

Red Gate Units 2 and 8: Natural Area Easement

Tradition of St. Charles: Tree Conservation Easement

Woods of Crane Road: Natural Area Easement

Kingswood, and Kingswood Unit II and III: Tree Conservation Zone, Natural Area Easement

Majestic Oaks: Tree Conservation Easement

Willowgate: Drainage and Conservation Easement

Woods of Delnor: Conservation Area

Woods of Fox Glen Units 1 and 2: Natural Area Easement

The Royal Fox: Natural Area Easement

- B. A property owner who proposes to make changes within a Tree Conservation Area shall submit a written request to the City. Such request shall clearly describe the type of work to be undertaken, the locations, quantities, and specifications of materials and equipment, and the name and licensing of any contractor performing the work. Written approval from the City must be received before proceeding with any alterations, even if such alterations are allowed by the TCA Guidelines.
- C. Any encroachment in the Tree Conservation Area that has not been previously authorized by City Administrator or their designee, must be removed immediately by the property owner and at their expense. The property owner may however submit a written request to the City Administrator or their designee requesting that the encroachment be allowed to remain. Each request will be reviewed individually by the City Administrator or their designee, and on a case-by-case basis taking the TCA Guidelines and the following criteria into consideration:
1. The length of the time the encroachment has been installed and whether it was installed by a previous owner.
  2. The quality/condition of the vegetation in the area prior to the installation of the encroachment.
  3. Whether the encroachment can be easily relocated outside of the easement.
  4. Potential for further damage to vegetation caused by removal of the encroachment.
- The final determination shall be made by the City Administrator or their designee and shall be final. If any encroachment in the Tree Conservation Area is authorized to remain, it shall not be expanded, enlarged, or enhanced during its usable lifespan. At such a point that the encroachment is no longer usable or functional for its original purpose, it shall be completely removed at the property owner's expense. Removal shall include all above and below grade improvements, including, but not limited to, foundations, footings, utilities. The encroachment area shall be restored to its original condition. If the original condition is unknown, then the encroachment area shall be restored to match the conditions of the surrounding area.
- D. When active restorative measures such as planting or vegetation removal are necessary to bring a property into compliance with the TCA Guidelines, the owner shall submit a restoration plan within 60 days of written notification that the property is in violation of the TCA Guidelines. If the City Administrator or his designee determines the following proposed restoration plan will restore the area to a condition that conforms with the TCA Guidelines, he shall approve it. The owner shall restore the disturbed area in conformance with the approved restoration plan within twelve months following its approval.

 Exhibit A 8.30.050.pdf

(2014-M-27 : § 1; 2013-M-79 : § 1; 2001-M-73 : § 1)

### **8.30.060 – Emergency removal**

Notwithstanding other provisions of this Chapter, a Tree Preservation Plan or other approval is not required when removal of a tree is necessary due to an emergency situation posing an immediate danger to a person, property or the community, and where such emergency renders compliance with the permit process unreasonable. The individual who proposes to remove the tree(s) shall contact the City Administrator or his designee to receive permission for emergency removal of the tree(s). If the contact is not during business hours, the individual shall leave a voicemail message indicating name, time, tree location, and phone number, and may then proceed with emergency removal.

(2014-M-27 : § 1; 2001-M-73 : § 1)

### **8.30.070 – Requirements for tree preservation plans**

1. A proposed Tree Preservation Plan shall include the following written and graphic information:
  - 1.1 A survey of existing trees six inches (6") or more DBH within the entire site or lot, identifying their locations, size and species, and a plan overlaid on the survey or at the same scale showing proposed Construction Zones and Tree Preservation Zones.
  - 1.2 The proposed Tree Preservation Zone shall encompass all of the property having six inch (6") DBH or larger trees that will not be disturbed by construction activities. All buildings, structures, parking areas, driveways, stormwater management facilities, utilities, and other site improvements shall be located to minimize tree damage and removal; preference shall be given to tree preservation when reasonable alternatives are available for the location of buildings and other site improvements.
  - 1.3 The proposed Construction Zone shall include only the areas to be directly affected by buildings, site improvements and grading activities related to the approved construction. The Construction Zone shall be as small as possible, considering factors such as the depth of excavation, necessary spoil areas, and space required for access to construction activity.
  - 1.4 The location and description of protective fencing, root pruning, canopy pruning and other protective and conservation measures necessary to protect the trees within the Tree Conservation Zone shall be indicated.
2. Standards: Removal of trees shall be authorized by Tree Preservation Plans only when one or more of the following conditions exist, as determined by the City:
  - 2.1 The tree is diseased, dead or dying.
  - 2.2 The tree is damaged or injured to the extent that it is likely to die or become diseased, or such that it becomes a hazard.
  - 2.3 Removal of the tree is consistent with good forestry practices, that is, consideration is given to the species of the tree, location, conditions, age, safety, and the historic and aesthetic value of the tree to be removed.
  - 2.4 Removal of the tree will enhance the health of remaining trees within the immediate vicinity.
  - 2.5 Removal of the tree is required to repair a sewer line or water main, or excavation for such repair will damage the tree to the extent that it is likely to die or become diseased.
  - 2.6 All reasonable efforts have been undertaken in the land planning, architectural and engineering design of the proposed building, building addition, development or site improvement to minimize tree damage and/or removal, and the tree or trees must be removed to provide adequate space for the permitted construction.

(2014-M-27 : § 1; 2001-M-73 : § 1)

**8.30.080 – Practices during construction**

- A. All Tree Preservation Zones shall be maintained free of all construction activity, construction equipment, material or spoils storage, compaction, fill, and debris.
- B. Crushed limestone, hydrocarbons, or other materials detrimental to trees shall not be dumped within the root zone of any tree to be preserved nor at any higher elevation where drainage toward the tree could affect its health.
- C. No attachments, signs, fences, or wires, other than those approved for bracing, guying or wrapping trees, shall be attached to trees during the construction period.
- D. Unless otherwise authorized by an approved Tree Preservation Plan, no soil shall be removed or added within the root zone of any tree to be preserved.
- E. The boundary between the Construction Zone and the Tree Preservation Zone shall be fenced during the course of construction in a manner that clearly identifies where construction activity is prohibited. The Building and Zoning Commissioner and City Engineer shall have the authority to issue a stop work order until adequate fencing is provided or repaired.

(2014-M-27 : § 1; 2001-M-73 : § 1)

**8.30.090 – Penalties**

- A. Any violation of this Chapter shall be punishable by a fine of not more than \$500.00 for each violation.
- B. Unauthorized removal of trees: If a tree is removed prior to approval of a Tree Preservation Plan or other approval, and the City Administrator or his designee determines the removed tree was of a species or condition that would have justified approval of a Tree Preservation Plan or other approval to remove it if application had been made, the penalties hereof shall not apply.
- C. Replacement Trees. In addition to any fine that may be assessed, each tree of six inches or more DBH which is removed in violation of this Chapter shall be replaced with trees of at least a three inch (3”) caliper selected from the list of Approved Trees according to the following schedule. The diameter of removed trees shall be determined by the average stump diameter where cut at six inches (6”) from surrounding ground level.

**Existing Tree’s Stump Diameter    Number of replacement trees**

---

36 inches or more	One for each inch of stump diameter
More than 30 but less than 36 inches	11
More than 24 but less than 30 inches	9
More than 18 but less than 24 inches	7
More than 12 but less than 18 inches	5
At least 6 but less than 12 inches	3

- D. Location of replacement trees. The location of replacement trees shall be as determined by the City Administrator or his designee. If it is determined that an insufficient onsite area exists to support some or all of the replacement trees, then prior to issuance of any building permit, site development permit or approval of a plat of subdivision or planned unit development the property owner shall pay the cost of the replacement trees that cannot be accommodated onsite to the City. The funds collected from such payments shall be used for the sole purpose of planting trees at other locations determined by the City.
- E. Suspension of Permits: The City may suspend any and all building permits issued by the City and issue stop work orders with respect to any parcel of land where it has been determined that the provisions of this ordinance are not being complied with.
