ORDINANCE AMENDING CHAPTER XV ENTITLED  
"WATER" OF THE MUNICIPAL CODE OF ST.  
CHARLES, ILLINOIS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ST. CHARLES,  
ILLINOIS, AS FOLLOWS:

1. That Chapter XV, Section 15.105, entitled "Service Connection Fees", Paragraphs A and B are hereby amended so that they shall hereafter read as follows:

"15.105 A. Residential - the connection fee shall be \$260.00 per unit plus the following for such services:

For a 3/4" tap	\$140.00
For a 1" tap	\$165.00
For a 1 1/4" tap	\$245.00
For a 1 1/2" tap	\$320.00
For a 2" tap	\$445.00

For taps larger than 2", the charge shall be the cost to the city of making such tap plus 15%.

No connection shall be made by any person not authorized by the Superintendent of Public Works to perform such service.

After payment of the above stipulated fees, the City Water Department shall furnish and install a corporation cock, the service pipe to the curb stop, and the curb stop and buffalo box. These aforementioned items and services shall be furnished only after suitable trench excavation has been provided by the customer or his licensed contractor. The customer shall also be responsible for the proper back-filling of the trench and any necessary patching - sidewalk, curb or paving.

Definition: A "unit" is a single family residence or each apartment in an apartment building or other multiple dwelling or each trailer space in a trailer park or each room in a motel or hotel and is to be considered a residential area including sleeping and toilet facilities.

B. Commercial and Industrial - the connection fee shall be \$.35 per gallon per day of estimated usage subject to a minimum of \$260.00 plus the following for such service:

For a 3/4" tap	\$140.00
For a 1" tap	\$165.00
For a 1 1/4" tap	\$245.00
For a 1 1/2 " tap	\$320.00
For a 2" tap	\$445.00

For taps larger than 2", the charge shall be the cost to the city for making such tap plus 15%.

No connection shall be made by any person not authorized by the Superintendent of Public Works to perform such service.

After payment of the above stipulated fees, the City Water Department shall furnish and and install a corporation cock, the service pipe to the curb stop, and the curb stop and buffalo box. These aforementioned items and services shall be furnished only after suitable trench excavation has been provided by the customer or his licensed contractor. The customer shall also be responsible for the proper back-filling of the trench and any necessary patching - sidewalk, curb or paving.

Estimated usage shall be determined by the City and user. Once the actual usage begins and it is determined that the actual usage has increased over the estimated usage, there will then be an additional fee for that amount over the original estimated usage based on \$.35 per gallon per day. There will be no rebates if the actual use falls below the estimated usage."

2. That Chapter XV, Section 15.305, entitled "Rates" is hereby amended so it shall hereafter read as follows:

"All property upon which any building has been or may be hereafter erected having a connection with the water system shall pay the following net charges:

A. \$3.50 per quarter plus the following charge for water used per quarter:

0 - 35,000 gallons	\$.50 per thousand gallons
36,000 - and over gallons	\$.45 per thousand gallons

B. Sale out of City Limits.) For water sold to persons residing outside the city limits a surcharge for such service in the sum of an additional fifty percent over and above the charges for sale within the city limits shall be made.

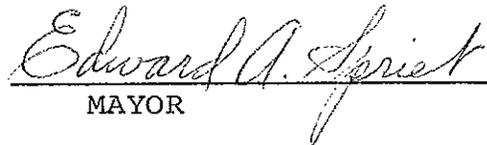

C. The gross charge shall be 10 percent more than the net charge."

This Ordinance shall become effective upon its approval, passage and publication pursuant to law.

PRESENTED to the City Council of the City of St. Charles, Illinois, this 3rd day of May, 1976.

PASSED by the City Council of the City of St. Charles, Illinois, this 3rd day of May, 1976.

APPROVED by the Mayor of the City of St. Charles, Illinois, this 3rd day of May, 1976.
