ORDINANCE NO. 1989-M- 56

AN ORDINANCE AMENDING TITLE 13, "PUBLIC UTILITIES"
CHAPTER 13.08, "ELECTRICITY"

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ST.
CHARLES, KANE AND DU PAGE COUNTIES, ILLINOIS, as follows:

1. That Title 13, "Public Utilities", Chapter 13.08,
"Electricity", Sections 13.08.230, 13,08.240, 13.08.260,
13.08.270 and 13.08.280 of the St. Charles Municipal Code, be and
are hereby amended by deleting the same and substituting the
following therefore:

13.08.230 Rate 1 - Residential - Rates, charges and service requirements.

A. Availability. Electrical energy is available under this rate for residential purposes.

B. Charges for this rate shall be as follows:

1. Monthly customer charge. The net monthly customer charge shall be three dollars and fifty cents.
2. Energy Charge. The energy charge shall be as follows:

	Summer Months
	Kilowatthours
\$.095 per kilowatthour for the first	1000
.105 per kilowatthour all over	1000
	Non-Summer Months
	Kilowatthours
\$.065 per kilowatthour for the first	500
\$.044 per kilowatthour for all over	500

For the purposes hereof the "summer months" shall be the Customer's first monthly billing period with an ending meter reading date on or after June 15 and the three succeeding monthly billing periods.

3. Three-Phase Service. Where three-phase service is provided, there shall be an additional monthly charge of twenty nine dollars.
 4. Minimum Charge. The minimum monthly charge shall be the net monthly customer charge.
 5. Gross Charge. The gross charge shall be ten percent more than the net charge.
- C. Normal Service Facilities. A normal installation shall consist of single-phase service. Three-phase service is available under this rate in consideration of an additional monthly service charge as stated in Subdivision 3 of Subsection B of this Section. In the event a three-phase supply is not available from the City's distribution system immediately adjacent to the Customer's property, the necessary primary and secondary extensions will be furnished at the expense of the customer.
- D. General Requirements.
1. The customer's wiring shall be so arranged that all service hereunder may be supplied through a single metering installation.
 2. Service hereunder will be furnished only to a single occupancy, and where service to an apartment building is desired hereunder, each apartment shall be treated as a

separate customer and served through a separate metering installation; provided, however, that in apartment buildings containing six or fewer apartments, hall lights and building operating equipment, including no

motors larger than one horsepower and not more than six horsepower for all motors, may be connected to the metering installations for one of the apartments, or as a separate metering installation at the discretion of the building operator. The meters shall be grouped in a single location.

3. The terms and conditions stated in Sections 13.08.040 through 13.08.210 apply to this rate and service hereunder shall be subject thereto.

13.08.260 Rate 5 - General Service - Rates, charges and service requirements.

- A. Availability. The General Service rate is available to any customer using the City's electric service for all requirements other than residential service. This rate also applies to federal, state, and local government agencies, public and parochial schools, libraries and churches.
- B. Charges for this rate shall be as follows:
 1. Monthly Customer Charge. The net monthly customer charge shall be twenty-nine dollars for a customer with a demand meter and nine dollars and fifty cents for a customer without a demand meter.
 2. Demand Charge. The demand charge shall be as follows:

NET

\$6.45 per kilowatt	Summer Months
\$6.45 per kilowatt	Non-Summer Months

For the purposes hereof the "summer months" shall be the Customer's first monthly billing period with an ending meter reading date on or after June 15 and the three succeeding monthly billing periods.

For customers without demand meters, there shall be no demand charge as such, but, in lieu thereof, such customers shall pay \$.044 per kilowatthour in addition to the energy charge set forth below.

For the purposes of this Section the "summer months" shall be the customer's first billing period with an ending meter reading date on or after June 15th and the three succeeding monthly billing periods.

3. Energy Charge. The energy charge shall be as follows:

\$.044 per kilowatthour for all kilowatthours

except that the charge for such kilowatthours in excess of the product of four hundred fifty times the kilowatt of maximum demand shall be reduced by \$.010 per kilowatthour.

4. Minimum Charge. The minimum monthly charge shall be the net monthly customer charge.

5. Gross Charge. The gross energy charge shall be ten percent more than the net charge.

C. Normal Service Facilities:

1. The City shall furnish as a normal installation facilities to supply and meter at a single point of delivery a normal load equal to the maximum thirty-minute demand of the customer, at a power factor of eighty-five percent lagging. Where an additional point of delivery is required other than for convenience of the customer, the facilities incident thereto shall be furnished by the City as a part of a normal installation.

Each normal installation shall include, where necessary, facilities for one standard transformation. The type and characteristics of service facilities comprising a normal installation, including meters, shall be determined by the City's standard practice.

2. Where for any reason facilities in excess of a normal installation are provided by the City, such facilities shall be furnished at the expense of the customer.

D. General Requirements.

1. The customer's wiring shall be so arranged that all service hereunder may be supplied through a single metering installation, except in multi-occupancy business premises where each business shall be serviced as an individual customer. Nothing in this rate shall be deemed to preclude a residential occupancy on the customer's property from being served as a separate customer on a residential rate.

2. Installation and Removal of Demand Meters. The City shall provide a demand meter for a customer when his monthly kilowatthour use exceeds two thousand kilowatthours in each of two successive billing periods or if his maximum demand or monthly kilowatthour use is estimated as in excess of ten kilowatts or two thousand

kilowatthours, respectively. The City shall remove the demand meter of any customer whose use has not exceeded two thousand kilowatthours in any month of the preceding sixteen-month period.

Any customer for whom a demand meter is not provided by the City may at his request be provided therewith. Cost of the installation of the demand meter shall be billed to the customer requesting the demand meter.

3. Measurement of Demand and Kilowatthours Supplied. Where two or more metering installations are provided on the customer's premises, the demand in any thirty-minute period shall be determined by adding together the separate demands at each metering installation during such thirty-minute period except that:

In case the demand at any metering installation is registered by an indicating or cumulative demand meter, the demand at such installation in each thirty-minute period of any month shall be assumed to be the same as the highest demand in any thirty-minute period of such month.

4. The terms and conditions stated in Section 13.08.040 through 13.08.210 apply to this rate and service hereunder shall be subject thereto.

13.08.275 Rate 7 - Large General Service - Rates, Charges and Service Requirements.

A. Availability.

1. This supplementary rate is available to any customer using the City's electric system for all requirements other than residential service and with at monthly peak kilowatt demand over 750 Kilowatts in the last proceeding twelve month or for new customer with an estimated peak demand of over 750 kilowatts as arrived at by the Utility Director. The City will transfer any customer on this rate whose monthly peak demand has not exceeded 750 kilowatts in the proceeding twelve months.

B. Charges for this rate shall be as follows:

1. Monthly Customer Charge. The monthly customer charge shall be one hundred dollars for a customer with a demand meter.
2. Demand Charge. The demand charge shall be as follows:

\$6.95 per kilowatt	Summer Months
\$6.95 per kilowatt	Non-Summer Months

For the purposes hereof the "summer months" shall be the Customer's first monthly billing period with an ending meter reading date on or after June 15 and the three succeeding monthly billing periods.

3. Energy Charge. The energy charge shall be as follows:

\$.044 per kilowatthour for all kilowatthours

except that the charge for such kilowatthours in excess of the product of four hundred fifty times the kilowatt of maximum demand shall be reduced by ~~\$.001~~ per kilowatthour. *.010*

4. Measurement of Demand and Kilowatthours Supplied. Where two or more metering installations are provided on the customer's premises, the demand in any thirty-minute period shall be determined by adding together the separate demands at each metering installation during such thirty-minute period except that:

In case the demand at any metering installation is registered by an indicating or cumulative demand meter, the demand at such installation in each thirty-minute period of any month shall be assumed to be the same as the highest demand in any thirty-minute period of such month.

5. The terms and conditions state in Sections 13.08.040 through 13.08.210 and in Section 13.08.280 apply to this rate and service hereunder shall be subject thereto.

That this Ordinance shall be in full force and effect from and after its passage and approval in accordance with law, but no sooner than May 26, 1989, and publication in pamphlet form is hereby authorized and directed.

PRESENTED to the City Council of the City of St. Charles, Illinois, this 15th day of May, 1989.

PASSED by the City Council of the City of St. Charles, Illinois, this 15th day of May, 1989.

APPROVED by the Mayor of the City of St. Charles, Illinois, this 15th day of May, 1989.

C E R T I F I C A T E

I, Jean M. Connors, certify that I am the duly elected and acting municipal clerk of the City of St. Charles, Kane and DuPage Counties, Illinois.

I further certify that on May 15, 1989 the Corporate Authorities of such municipality passed and approved Ordinance No. 1989-M-56, entitled AN ORDINANCE AMENDING TITLE 13, "PUBLIC UTILITIES" CHAPTER 13.08, "ELECTRICITY"

which provided by its terms that it should be published in pamphlet form.

The pamphlet form of Ordinance No. 1989-M-56, including the Ordinance and a cover sheet thereof was prepared, and a copy of such Ordinance was posted in the municipal building, commencing on May 19, 1989, and continuing for at least ten days thereafter. Copies of such Ordinance were also available for public inspection upon request in the office of the municipal clerk.

DATED at St. Charles, Illinois, this 17th day of May, 1989.

Jean M. Connors
Municipal Clerk
