**Ordinance No. 2010 -M-32**

**An Ordinance Authorizing Amendment of Title 13 “Public Utilities”, Chapter 13.12, “Sewers”, Section 13.12.830 “Charges for Residential Users”, and Section 13.12.840 “User Charges for Metered Water Consumption and Nonresidential Use” of the St. Charles Municipal Code Of the St. Charles Municipal Code**

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ST. CHARLES, KANE AND DUPAGE COUNTIES, ILLINOIS, as follows:

Section 1. That Title 13 “Public Utilities”, Chapter 13.12.830 “Charges for Residential Users”, Subsection A, Paragraph 1, and Section 13.12.840 “User Charges for Metered Water Consumption and Nonresidential Use”, Subsection A, Paragraph 1 and 2 of the St. Charles Municipal Code, is hereby deleted in its entirety and in lieu thereof the following language shall be substituted:

**“13.12.830 Charges for Residential Users**

A. The residential sewer user charge shall be as follows:

1. The following rate shall be charged for sewer service to all residential users of City sewers based upon metered water consumption: eight dollars and ninety cents (\$8.90) demand charge per month plus three dollars and fifty-three cents (\$3.53) per one thousand gallons of water used with a maximum sewer charge not to exceed 130% of a residential user’s winter quarter water usage average. The residential user’s “winter quarter” water usage shall be defined as the water that is billed to the user in the months of January, February, and March. When the 130% calculation produces a fractional result, the customer maximum will be raised to the next whole number.”

**“13.12.840 User Charges for Metered Water Consumption and Nonresidential Use**

A. The non-residential sewer user charge shall be as follows:

1. The following rate shall be charged for sewer service to all non-residential users of City sewers based upon metered water consumption: eight dollars and ninety cents (\$8.90) demand charge per month plus three dollars and fifty-three cents (\$3.53) per one thousand gallons of water used.

2. The following rate shall be charged for sewer service to all non-residential users of City sewers where water consumption does not reflect the actual quantity of wastewater tributary to the wastewater treatment works: eight dollars and ninety cents (\$8.90) per month plus three dollars and fifty-three cents (\$3.53) per one thousand gallons of wastewater actually discharged into the sewer system.”

Section 2. That this Ordinance shall be in full force and effect ten (10) days from and after its passage, approval and publication in pamphlet form as provided by law. The rates set forth herein will be effective with the first billing subsequent to the effective date of this ordinance.

Section 3. That after the adoption and approval hereof this Ordinance shall (i) be printed or published in book or pamphlet form, published by the authority of the Council, or (ii) within thirty (30) days after the adoption and approval hereof, be published in a newspaper published in and with a general circulation within the City of St. Charles.
